PROFESSIONAL SUMMARY

UX/UI Designer and Computer Science graduate who designs intuitive, user-centered digital experiences by combining UX research, interaction design, and technical knowledge. Completed General Assembly's UX/UI Designer Bootcamp, delivering client, concept, and team projects across document management, e-commerce, cultural heritage, and mobile point-of-sale. Previously built cloud and AI-powered government services with the Information & eGovernment Authority, which provides a practical understanding of technical feasibility and helps connect user needs with scalable solutions.

UX PROJECTS

Document Organizer — Client Project
UX/UI Design

- Designed a document management solution that helps small business owners organize invoices, receipts, and warranty documents while simplifying financial tracking

Roots E-Commerce — Concept Project
UX/UI Design

- Designed an e-commerce experience for plant lovers, focused on discovering plants and gardening products through a clean, nature-inspired interface

Bahrain Fort Website — Concept Project
UX/UI Design

- Designed a digital visitor experience that helps people explore Bahrain Fort, discover its heritage, and navigate important site information

Wajba Vendor MPOS — General Assembly Team Client Project
UX/UI Design

- Designed a mobile point-of-sale experience that helps food vendors manage surplus-food bags, orders, and customer pickups more efficiently

TECHNICAL EXPERIENCE

UX/UI Designer Bootcamp Fellow — General Assembly, Bahrain
Aug 2026 – Oct 2026

- Completed an intensive UX/UI program covering user research, personas, user journeys, information architecture, wireframing, prototyping, and usability testing
- Designed and prototyped in Figma and FigJam across four projects, including a client project and a team client project
- Applied user-centered methods end to end, from research and synthesis to interface design and design improvements based on testing

Cloud Developer — Information & eGovernment Authority (iGA), TTDP Program
Nov 2025 – Jul 2026

- Developed Tawasual, an AI-powered platform to analyze, classify, and respond to citizen inquiries and complaints using Amazon Bedrock
- Built the Health Signal Detection System with the Ministry of Health, a real-time platform with a React dashboard for health officers
- Delivered scalable, citizen-facing government services using AWS Lambda, API Gateway, DynamoDB, S3, and IAM

SAP Developer — Foulath Holding (at InfoTech) / Bahrain Steel
Jul 2025 – Aug 2025

- Supported SAP configuration and development within an industrial manufacturing environment and helped enhance internal workflows

Cloud Developer — AWS Cloud Innovation Center (CIC)
Jan 2025 – Jun 2025

- Built cloud-native solutions with AWS services and completed TaqyeemPro, an AI-powered student evaluation system with teacher and admin dashboards, as a graduation project

Invoice Data Entry — Al-Bidaa Container Transport Company (Freelance)
2021 – 2025

- Managed commercial invoices and billing records accurately in Word and Excel over a multi-year engagement

EDUCATION

UX/UI Designer Bootcamp — General Assembly, Bahrain
Aug 2026 – Oct 2026

B.Sc. in Computer Science — University of Bahrain, College of Information Technology, Sakhir
2021 – 2025

CERTIFICATIONS & ACHIEVEMENTS

- **UX/UI Designer Bootcamp** *Oct 2026*
  General Assembly — Bahrain
- **Python Data Science Bootcamp** *Mar 2026*
  Bahrain Institute of Banking & Finance (BIBF) — Result: **Distinction**
- **AWS Solutions Architect Certification — Associate (SAA-C03)** *Feb 2026*
  Amazon Web Services — TTDP Program
- **AWS Cloud Innovation Center (CIC) — Internship Certification** *Jun 2025*
  Amazon Web Services
- **Microsoft Power BI Data Analyst (PL-300)** *Feb 2025*
  Microsoft Certification via Thinksmart
- **Forsati Essentials of Career Development Training** *Feb 2025*
  Hands-on soft skills training for career development

SKILLS

UX & UI

- UX: User research, personas, user journeys, information architecture, usability testing
- UI: Wireframing, prototyping, responsive design, design systems
- Tools: Figma, FigJam, Balsamiq, Framer, Canva

Technical Skills

- Web: HTML, CSS, JavaScript, React
- Mobile: Flutter & Dart
- Data: SQL, DynamoDB, Firebase, Oracle APEX
- Cloud & AI: AWS, Amazon Bedrock, Anthropic Claude

Soft Skills

- Teaching & Presentation Skills
- Problem Solving & Analytical Thinking
- Teamwork & Communication
- Self-Learning & Adaptability
- Time Management
- Working Under Pressure

Languages

- Arabic: Native
- English: Professional working proficiency
